L. Maximilian Buja, MD. Named Executive Director of the Library

L. Maximilian Buja, MD., Executive Vice President for Academic Affairs at The University of Texas Health Science Center at Houston, has been named Executive Director of the Houston Academy of Medicine–Texas Medical Center (HAM–TMC) Library by its Board of Directors, effective December 1, 2009. Dr. Buja has served on the Library's Board for the last nine years and served as Board Chair in 2005-2006.

PubMed Redesign

The new PubMed interface was introduced two weeks ago. When you access PubMed, you will notice the **Search Bar** has been moved to the middle of the page. Using the pull-down menu it is possible to search all databases simultaneously. Links to Advanced Search, Help and Feedback are located to the right of the **Search Bar**.

Access to the tools previously found on the PubMed homepage's blue sidebar can now be found under **Using PubMed**, **PubMed Tools** and **More Resources** in the middle of the page. At the bottom are links to other NCBI resources.

For an overview of PubMed's new features, see the [NLM Technical Bulletin](http://www.nlm.nih.gov/pubs/techbull/so09/so09_pm_redesign.html):

Cancelled Resources Update

Due to yearly price increases and cuts in funding, during a time when all libraries are feeling the brunt of an economic downturn, the HAM-TMC Library has been forced to make the difficult decision to cancel a number of electronic resources, including these two major databases:

UptoDate- Access for The University of Texas Health Science Center-Houston will end November 29, 2009.

Web of Science access will end on December 31, 2009. The Library will continue to subscribe to Journal Citations Reports (JCR) for 2010.
